ON THE ROAD

Experience science in action with Science World *On the Road!* Live, interactive demonstrations combine education, theatre and fun – guaranteed to liven up any event! From community centres to shopping centres, we bring fun, creativity and excitement in science to you.

LIVE SHOWS:

- » Science Surprises – A collection of our most popular demonstrations covering a variety of science topics
- » Enviro-Challenge – An interactive gameshow exploring sustainability topics like garbage reduction and water conservation
- » Themed shows are available on a variety of topics such as air pressure, chemistry, and moving objects. Contact our *On the Road* department for more information

Live shows are available in either 30 minute or 45 minute versions.

SCIENCE ON THE SPOT

At the Science on the Spot demonstration station, small groups of guests (4-5 at a time) can experience spectacular science first-hand.

- » Round and Round – Experience how figure skaters spin so quickly try a free-spinning diabolo
- » It's Electric – Have a hair-raising experience with static electricity

MAKE-AND-TAKE STATIONS

Visitors in groups of 4-5 at a time can create and take home fun mini-science projects.

Regular:

- » Hoopsters – a two-ringed flying model
- » Whirly helicopters – paper helicopters that spin as they fall to the ground
- » Paper airplanes – a variety of exotic airplane designs
- » Recycled origami pots – small planting pots made of recycled newspaper

Premium (extra \$1.50 charge per participant):

- » Cuicas – stringed vibrating instruments which produce powerful sound
- » Silly putty slime – explore polymers with these goeey creations
- » Recycled origami pots with soil and seeds – small planting pots made of recycled newspaper along with potting soil and marigold seeds
