

Looking for a challenge outside the classroom?

Stimulate your passion for STEAM with *Future Science Leaders!*

Future Science Leaders (FSL) is a weekly after-school science enrichment program that opens the world of STEAM (science, technology, engineering, art and design, and mathematics) to secondary students.

FSL programs are available in:

Vancouver—TELUS World of Science

Surrey—Health and Technology Innovation Hub

I can say 100% I would not be doing this job right now which I really love (research engineer at VGH) without *FSL*. The network and support continue when you leave the program."

Edward Wang,
FSL Discover 2012
