HOW DOES PARKING WORK?

For information on parking at Science World at TELUS World of Science, visit scienceworld.ca/maps

The parking meters operate on a pay-by-stall system. Your ticket or receipt doesn't need to be displayed on your vehicle's dashboard. However, if you can't read the number of your spot, pay for stall 255 and place the ticket on the dashboard.

When paying, enter the stall number then choose the required length of time. The expiry time will be printed on the receipt. The three meters out in the parking lots will only accept credit cards. The meter at our front entrance will accept both coins and credit cards.
