Science Safari

Name: _____

Body Works

Find a **Shoe Bench**.

Draw one of the shoes.

Go to **Jump!**

Record your best score:

What muscles do you use at this exhibit?

Find an example of an animal that shapes its habitat.

What other animals and plants are part of their community?

What sport is it for?

What makes this shoe especially good for its sport?

Search

SARA STERN GALLERY

I opened a **Discovery Drawer** and found...

The rock on display I liked most was:

Why?

OUR WORLD

List three renewable energy sources exhibited in the gallery.

Go to **Water's for Dinner.**

Which four items did you select for your meal?

How many bathtubs of water did it fill?

Puzzles & Illusions

Choose a puzzle.

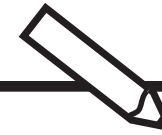

What is it called?

How long did it take you to solve it?

Imagine you are one of Science World's creative exhibit builders.

What would your exhibit do?
Draw a sketch of it here:

We saw the

show at Peter Brown Family Centre Stage.

Our favourite part was...

Go to the **Infrared Harp.**

What are the strings made of?

Go to the **Plasma Ball.**

Why does the "lightning" follow your hand?

Go to the **Whapophone.**

Do long pipes make higher or lower sounds than short pipes?

Go to **Lift Yourself.**

What simple machines are used to make the task easier?

eUREKA
