

Junior Camp Leader 2026 Placement Schedule

Availability Commitment:

We ask all applicants to only apply for placements where they are available for the full duration. Extenuating circumstances can be discussed, but priority may be given to those with full availability.

Multiple placements are subject to availability. We will prioritize an applicant’s first placement over an applicant’s second placement if there is not enough capacity for both.

This summer, Science World will be operating 3 Camps:

1. Science World Camps - indoor focused programming starting and ending in Science World
2. Field Science Camps - outdoor field-science programming within and around Science World, and the lower mainland. Day will start and end at Science World
3. Surrey Camps - Science Camps special programs brought to various locations within Surrey! Location changes throughout the summer and can be found below

Applicants are invited to explore which option might suit them best! More information on our Summer Camps Programs can be found [here](#).
